01

Brand Introduction

Brand Declaration

Engineered Vision

Globomotors is committed to becoming the industry leader in global used vehicle exports. Leveraging our robust supply network and professional services, we enable customers worldwide to effortlessly access reliable vehicles, showcasing Chinese automobiles on the global stage.

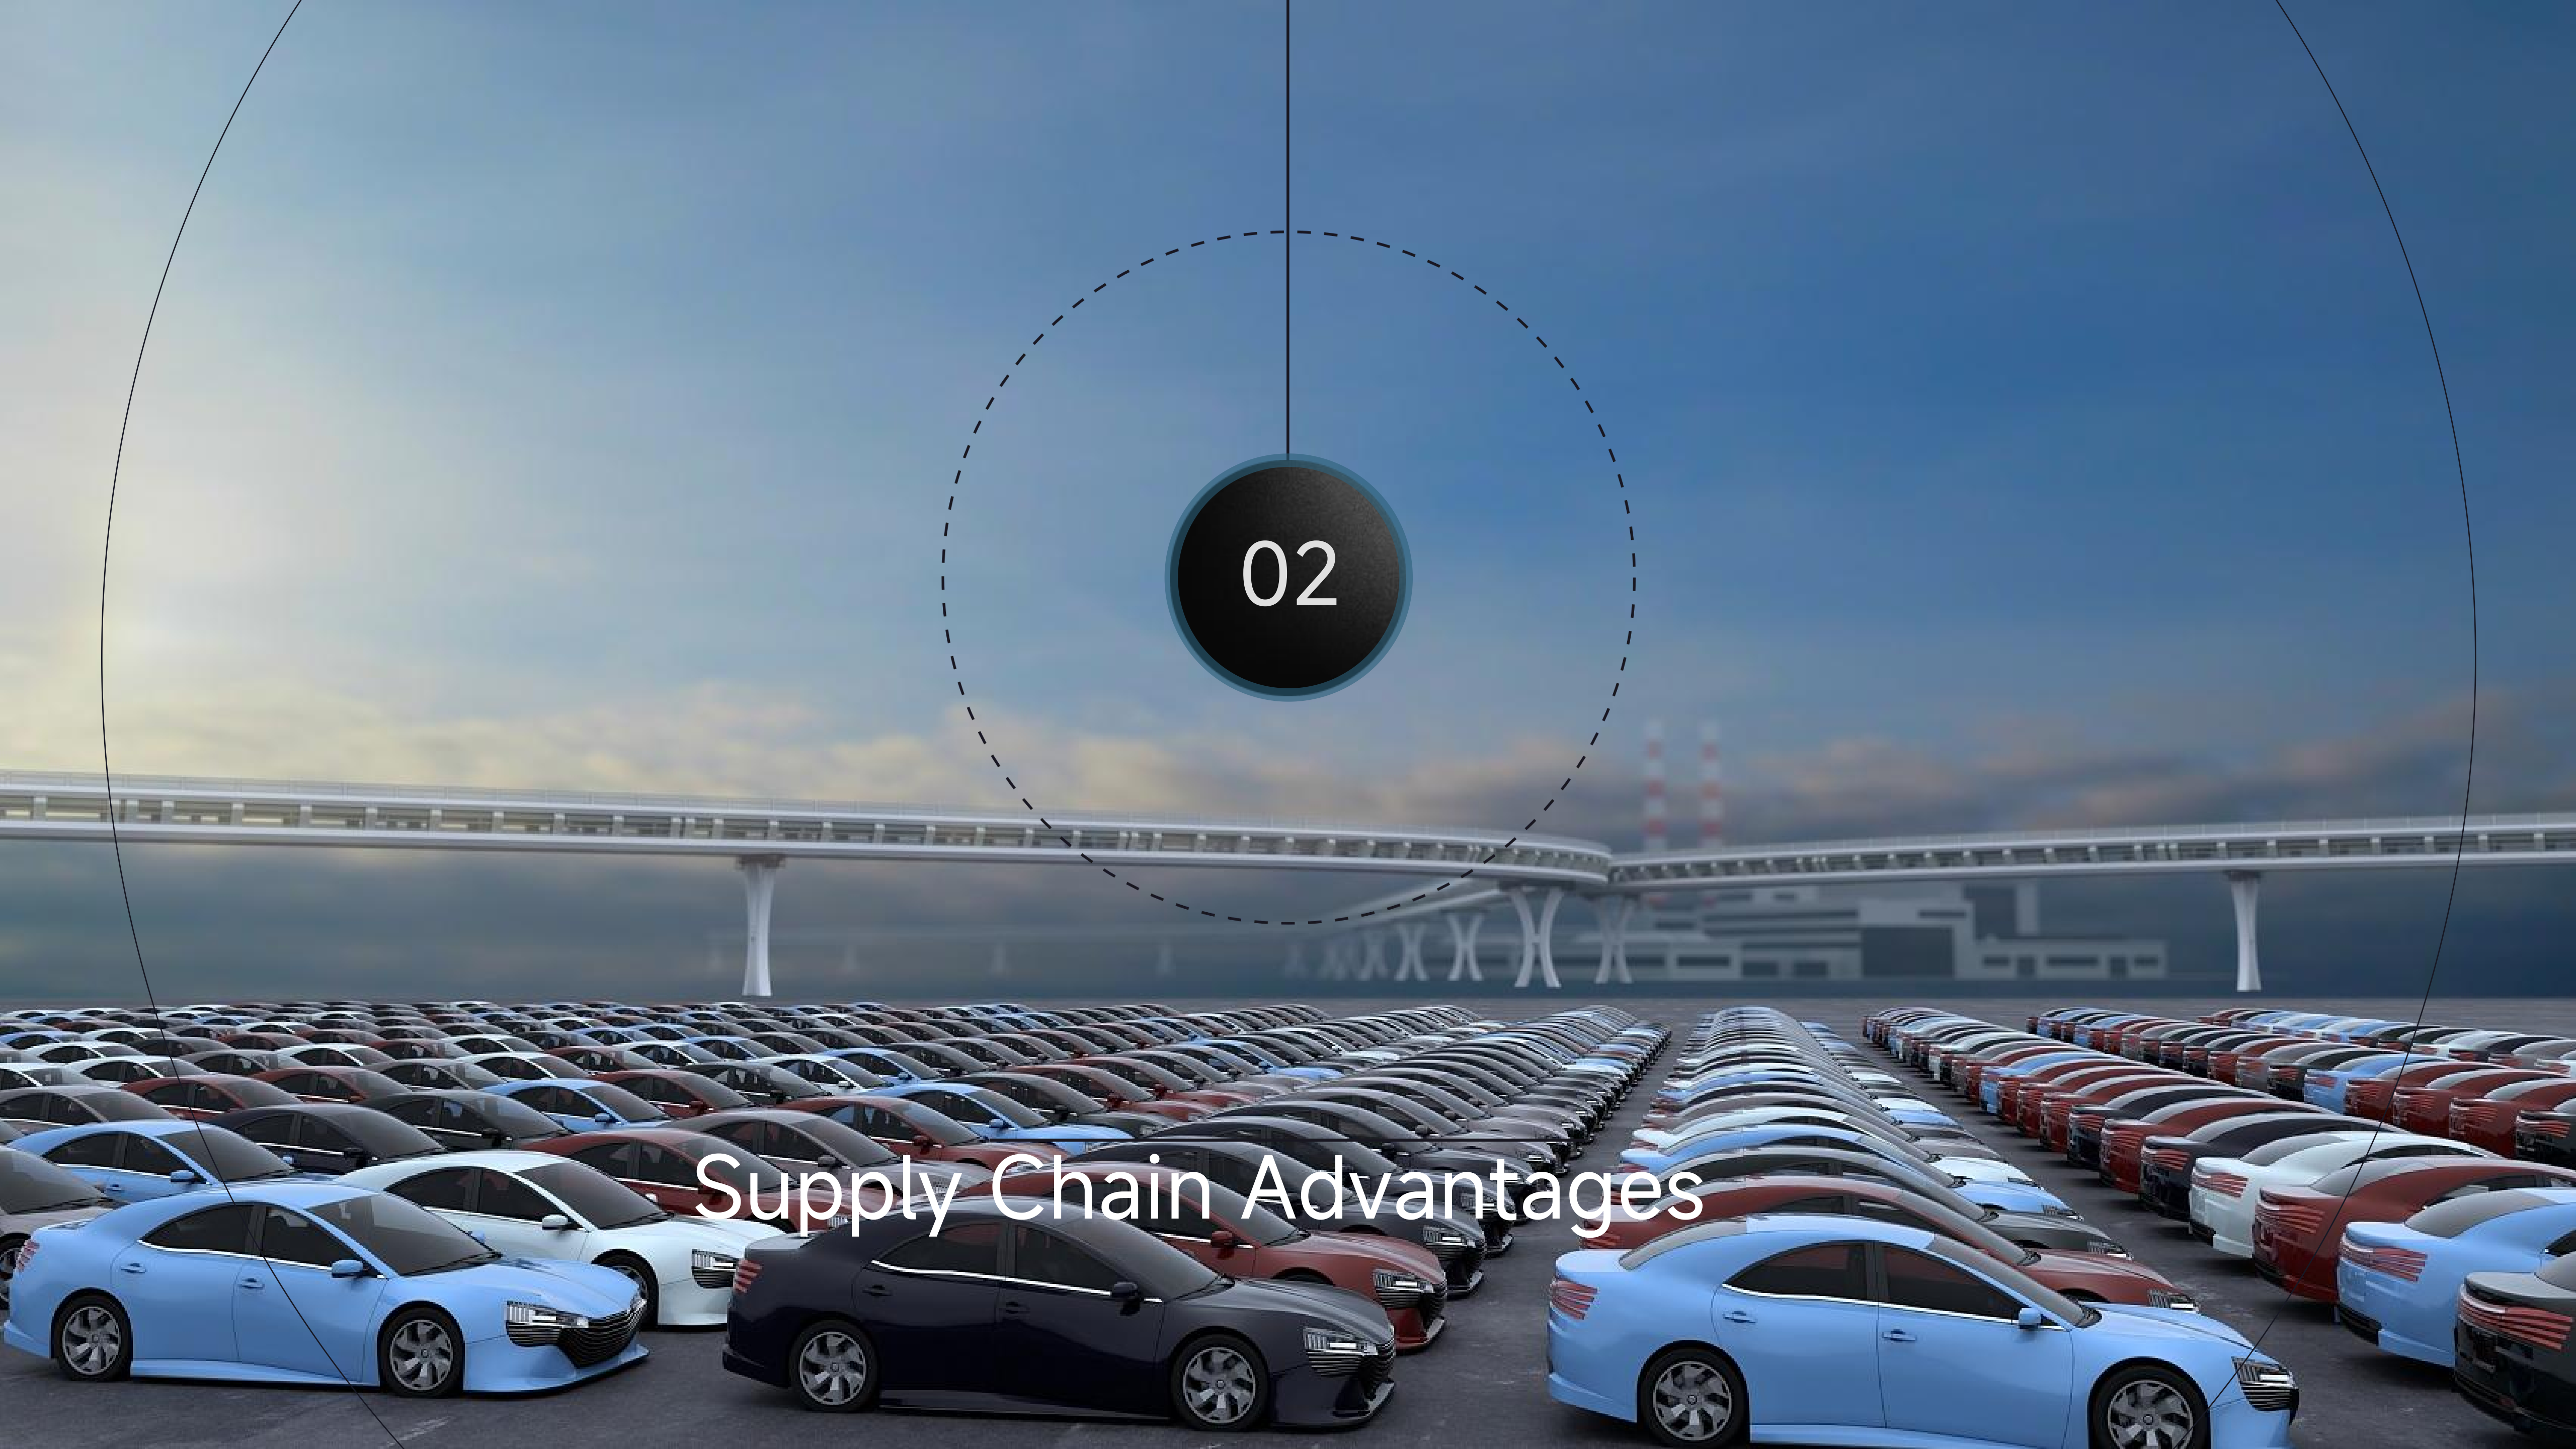

Core Values

We uphold integrity, professionalism, efficiency, and accountability as our core values. By delivering transparent and trustworthy used vehicle export services, we ensure every customer enjoys a seamless journey to their ideal vehicle.

02

Supply Chain Advantages

Super Sourcing Network

Extensive Dealer Network 01

Strategic partnerships with 3,000+ physical dealers nationwide, Real-time nationwide inventory synchronization, Rapid cross-brand/model matching

Rapid Demand Response 02

Guaranteeing 72-hour global vehicle sourcing with pinpoint accuracy for high-demand models like Toyota Prado and BYD SEAL, ensuring clients access desired vehicles without delay.

Vehicle quality control 03

Implementing rigorous screening of premium vehicles with zero tolerance for accident-damaged or flood-impacted units, we provide HD 360° inspection videos and bilingual inspection reports to certify vehicle integrity.

EV Expertise

Direct brand sourcing advantage

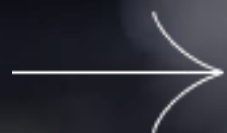

We source electric vehicles directly from BYD, NIO, XPeng and other leading brands, guaranteeing authentic origin and reliable quality to meet the global demand for new-energy vehicles.

Certification and Compatibility Services

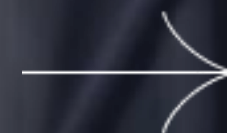

We provide end-to-end services—including traction-battery export certification and charging-adaptation solutions—removing every post-sale worry for new-energy vehicle exports and powering these cars onto the world stage.

Market demand insights

Leveraging in-depth insights into global new-energy vehicle (NEV) market dynamics, we tailor vehicle recommendations to each region's needs.

03

SECTIONS

Service Assurance

End-to-End Process Control

01

Vehicle Condition Inspection System

Triple-layer vehicle inspection—covering VIN authentication, accident screening and maintenance-record verification—delivers thorough quality assurance, so customers can buy with complete confidence.

02

Compliance Document Management

Our dedicated compliance team expertly prepares and verifies every export document to ensure accuracy and full conformity with each destination country's import standards, guaranteeing seamless vehicle export.

03

Logistics Tracking System

Door-to-port logistics tracking system that provides real-time visibility into every vehicle's journey, letting customers pinpoint its exact location at any moment and ensuring transparent, efficient delivery.

Transparent, Integrity-Driven Service

We stand by total transparency: every vehicle's condition is disclosed in full—no hidden issues, no fine-print surprises—so you always buy with complete, accurate information.

Full Vehicle History
Transparency

Should any vehicle's condition fall short of our guaranteed standards and cause customer loss, we commit to prompt breach-of-contract compensation—protecting your interests and reinforcing your trust.

Breach-of-Contract
Compensation
Guarantee

Customs Clearance
Progress Inquiry

Real-time customs-clearance tracking lets customers monitor every step of the vehicle's clearance process, ensuring speed, efficiency and complete transparency.

The background features a series of interlocking gears of various sizes. A hand is visible in the lower right, with a finger pointing towards one of the gears. A dashed circle highlights a specific gear in the center, which contains the number '04'.

04

Service Workflow

Service Process in Detail

Submit Your Requirements

1

Customers initiate their purchase journey by contacting the Saeed team with their detailed vehicle requirements.

AI-Powered Matching

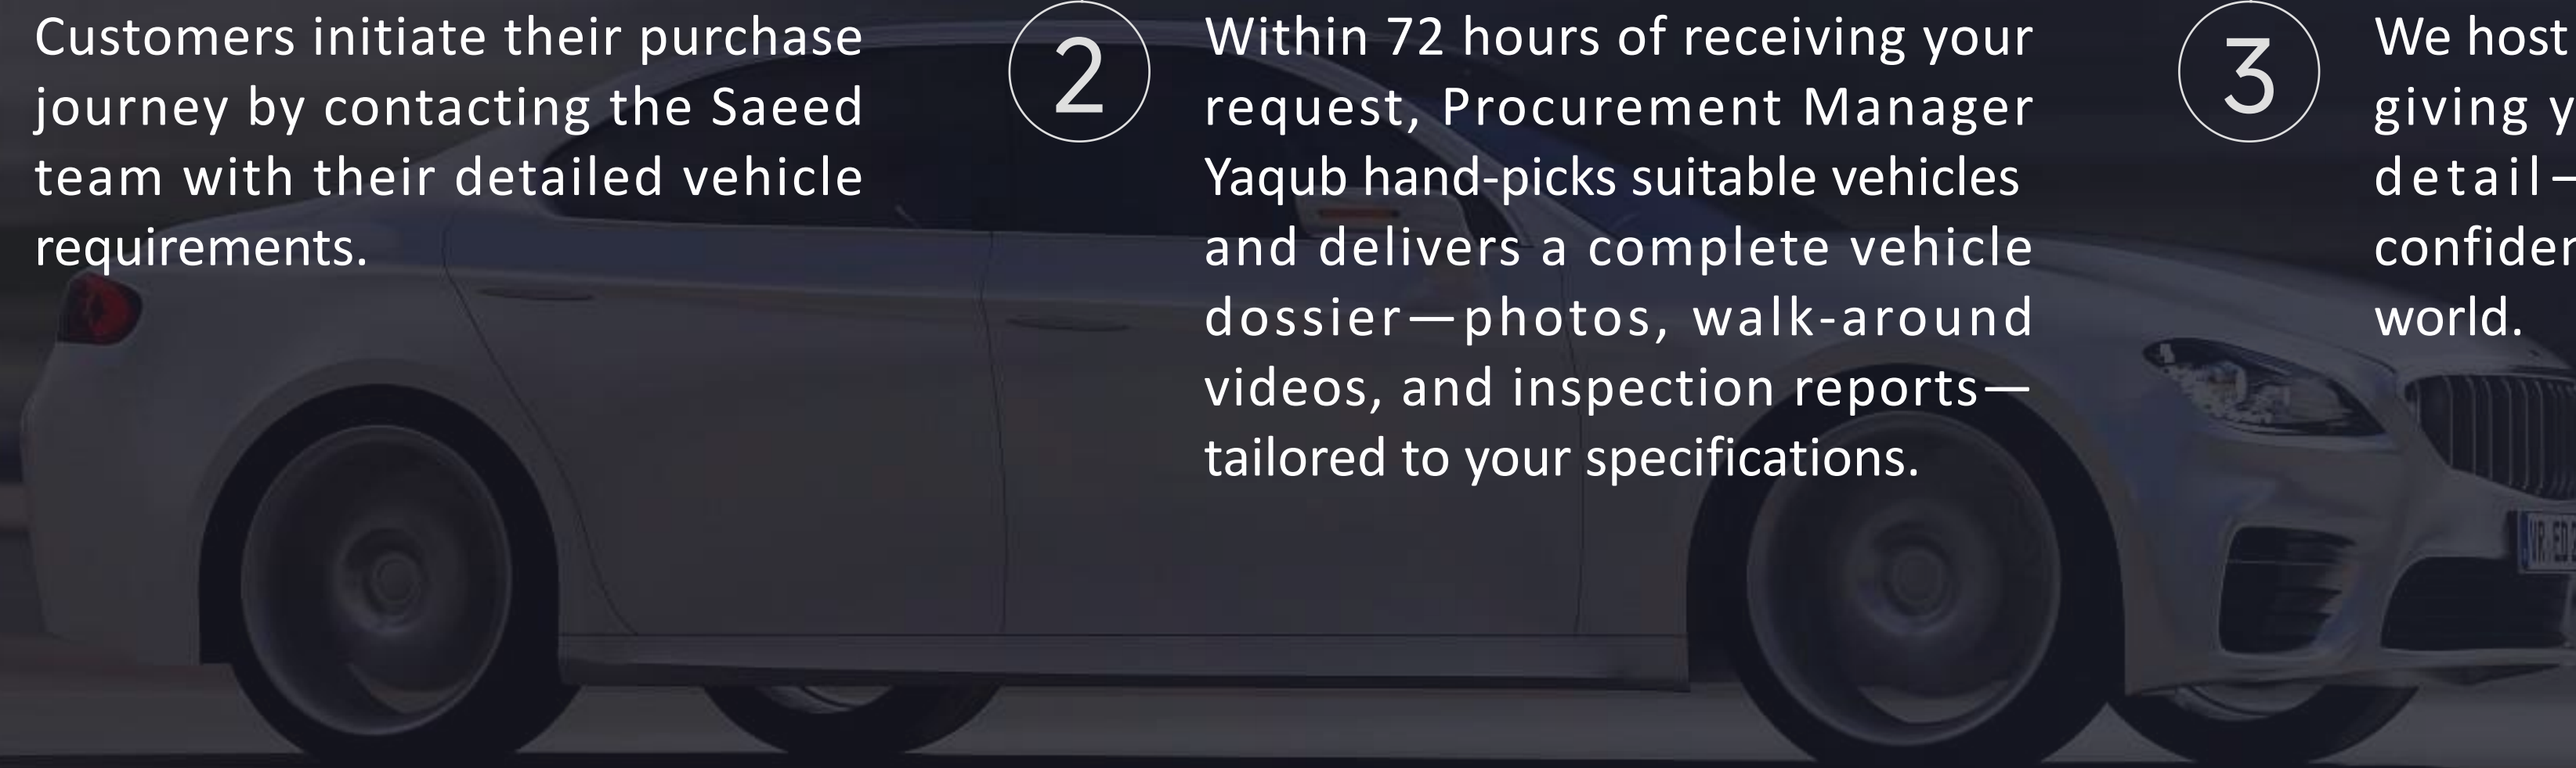

2

Within 72 hours of receiving your request, Procurement Manager Yaqub hand-picks suitable vehicles and delivers a complete vehicle dossier—photos, walk-around videos, and inspection reports—tailored to your specifications.

Remote live-stream viewing

3

We host a live-stream walkthrough, giving you a 360° view of every detail—so you can buy with confidence from anywhere in the world.

Service Process in Detail

1

Contract & Payment

Once the vehicle is approved, the customer signs the contract online and completes payment—quick, secure, and hassle-free.

2

Export Execution

A dedicated team oversees vehicle reconditioning, secures all export certifications, and coordinates end-to-end logistics to ensure every car leaves the port without delay.

3

Global Delivery

We provide end-to-end destination-port clearance support, guiding you through every step until your vehicle is in your hands—simple, seamless, stress-free.

05

Core Team Strengths

Team Commitment

1

Integrity-Driven Service

We uphold absolute transparency in vehicle condition and disclose all information truthfully. In the event of any breach, we pledge full compensation for any resulting losses, safeguarding our customers' rights without compromise.

2

Professional Excellence

Our team masters import standards across 65 countries, pinpointing and neutralizing every compliance risk to guarantee seamless vehicle exports.

3

Rapid Response

72-hour vehicle sourcing guarantee, 30-day express export—delivering speed that exceeds expectations and drives customer satisfaction.

4

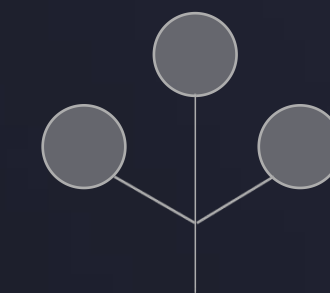

End-to-End Responsibility

From our warehouse in China to your named port, one dedicated contact handles every step—so you buy with zero worries.

Our Team

Procurement Lead – Yaqub

Head of our domestic procurement team, Yaqub hand-picks premium vehicles with pinpoint accuracy to match every client’s exact needs.

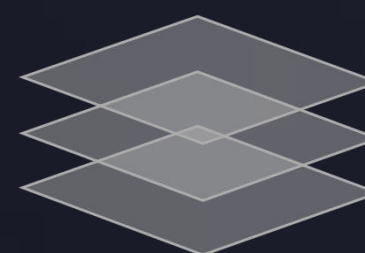

Director of International Sales – Saeed

Saeed steers our overseas sales force, expanding global reach and delivering expert, end-to-end sales support to every client.

Sales Manager – Ibrahim

Ibrahim leads our domestic sales team, aligning internal and external resources to elevate customer service quality and ensure seamless client experiences.
